

AL9000

Interactive Autoloader Kiosk

Allow users to add value to their account,
dispense casual user tickets or cards as well as access other third party applications

Create a cashless environment for copy and print control, PC access, fines and fees payment, point-of-sale or vending

Large 21.5" touchscreen for ease of use

Configurable payment options – accepts coins, notes, EFTPOS and all major credit cards

Casual user accounts created, and tickets or cards can be dispensed and value added to pay for goods and services

Accepts most ID card solutions – magnetic stripe, barcode, proximity, Mifare

No staff involvement required

Encourages utilisation of multiple services by users, reducing overhead and maintenance costs

Locally dispensed cards or tickets can be printed with instructions or advertising to generate a revenue stream

Kiosks run powerful Supervisor Express application, providing highly customisable interface and graphics to suit any organisation's brand standards

Secure, with pick proof locks and a battery backed tamper alarm
