Intelligent

Behind the screens, iPOS is a powerhouse of data management. Tracking everything from customer purchase history to library stock level on any products you may sell, iPOS can give you the information you need to manage your library into the future.

Everything that moves through the till can be accounted for, from the colour and size of a library bag to the individual fees and fines the customer may be settling, iPOS allows you to know exactly what's going on. Optional feature also includes staff scan security entry to iPOS system to have individual record of who is selling what.

Organise your products & fees/fines in one place

- Stable and reliable, with support when you need it
- Seamlessly integrates with Monitor's full suite of products
- Taxes can be calculated automatically
- Powerful online reporting capabilities with customisable parameters, including live reporting
- Import data from CSV files and/or export in multiple formats
- Detailed stock management with multiple category types, stock take, automatic reordering and manual input options
- Manage suppliers at a glance with linked transaction and account management
- Able to grow with your library

The image shows a woman in profile, looking at a laptop. The laptop screen displays a software window titled 'Stock Maintenance - AAA - MY STORE NAME'. The window has a menu bar with options: General, Messages, Recipe, Serialised, History, Custom Price, Specials, Colour/Size, Alias Codes, Custom Cost, and Supervisor Net. The 'General' tab is active, showing fields for 'Stock Code' (1005) and 'Description' (EGG SANDWICH). Below these are various input fields and checkboxes for product details, including Key Code, Suppliers Code, Department, Supplier (123 TEST SUPPLIER), Tax Code (1 GST INCLUDED), Blv/Tare, Unit Size, Carton Quantity (0), and Extended Code. On the right side, there are checkboxes for Diminishing, Pre-weighed, Requires Label, Weighable, Allow Discount, and Active (checked). Below these are input fields for Minimum Stock (0.0000) and Maximum Stock (0.0000). At the bottom right, there are input fields for On Hand (0.0000), On Order (0.0000), On Layby (0.0000), and On Hold (0.0000). The bottom of the window shows a summary of costs: Last Cost (0.0000), Average Cost (0.0000), Retail (2.3000 100.00%), VIP (0.0000), Staff (0.0000), Price 4 (0.0000), Price 5 (0.0000), and Price 6 (0.0000).
