

MK2000

Place a MK2000 next to your MFD and create a cashless environment with account management for copy and print control, USB print & much more

Secure, lightweight and cost effective design, perfect for interior sites, with customizable front panel.

Free standing - making it perfect to sit next to your MFD and creating a one stop shop for guest and account printing.

Kiosks run powerful Supervisor Express application, providing customisable interface and graphics

Encourages utilisation of multiple services by users, reducing overhead and maintenance costs

Guest accounts can be purchased & printed to be used to login to computers & pay for printing. All current job submission methods are supported: Email submission, Webprint portal, USB & network.

Pay for Printing:

- Select & Preview your print jobs > pay using eftpos terminal > job prints at that printer

Pay for Photocopying:

- Using the real time calculator, select required value > pay using eftpos terminal > scan ticket at the copier

Create and add value to an account to pay for services, with the ability to create and combine casual user tickets

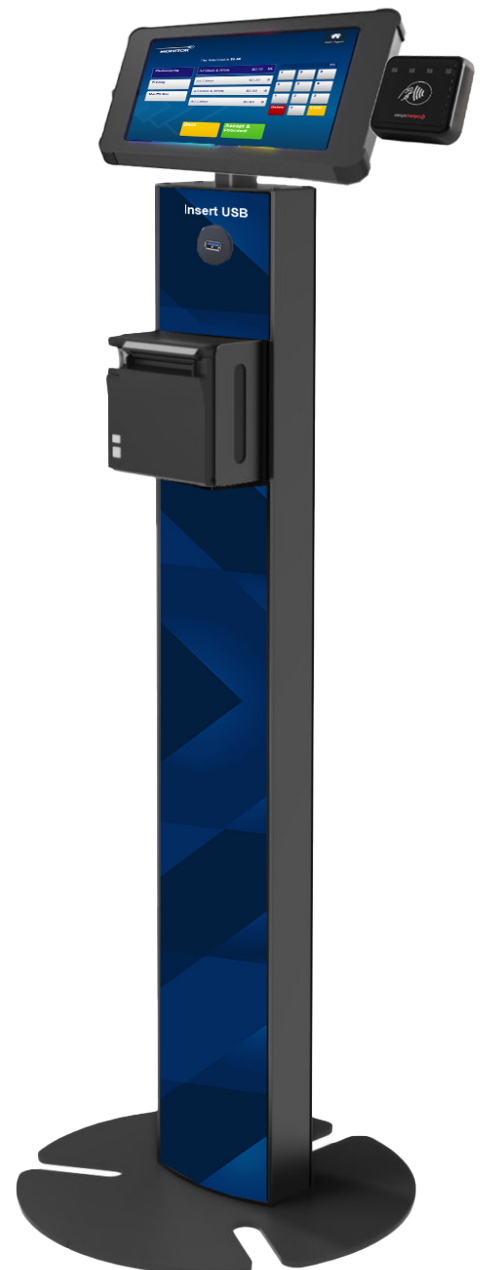

Interactive touch screen for ease of use

Accepts EFTPOS, all major credit cards & phone payments

No staff involvement required

Connectivity Options include Ethernet, WiFi & 4G

Kiosk: 1.11m high, base 380mm diameter, column 190mm wide
